Re: Report

Date: December 9, 2021

Thank you to all of the faculty who have participated in cross-district discussions about AP/IB/CLEP exam and course equivalency. Many disciplines have reached consensus, so entering students will be able to receive credit for exams, where that makes sense. As a reminder, this is an effort that the CSU system now requires of community colleges. The district curriculum committee is still waiting to hear from the Business division and Environmental Sciences.
