EQ+IP grant will look different and at this time the colleges are not sure what the new grant will entail. COVID-19 & ECE
Reach out to families that might be interested in ECE courses to take courses during the summer or fall. Now is a good time to start the FAFSA and Admissions Process. Anyone interested can reach out to Jaimie or Kristina.

Skyline and Cañada Colleges are both going fully online in the summer. There will only be 1 practicum course offered between the two courses which will be taught by Lisa Kiesselbach. This course will only be available as an option for students that already are working in programs that are operating with a Master Teacher able to supervise the student.

Programs are wanting a central online platform with information related to resources, requirements, and updates on child Development programs in San Mateo County. It is unclear who should be responsible for maintaining this platform, but it should be a public entity such as 4C's or SMCOE, possibly the San Mateo County Community Colleges.
