

GOALS FOR IPC IDENTIFIED AT FIRST MEETING OF THE YEAR (9/4/15)

- Additional revision of feedback forms for IPR's
- Create Best Practices for IPR – examples of well written IPR documents, examples of how disciplines have used PR process to improve programs
- Provide more structured/formal training for iPC members reviewing and providing feedback on IPR
- Provide IPR training to faculty at division meetings so that faculty understanding what is expected in IPRs
- Review of RRP process from 2014/15 to make recommendations on improving RRP application process to AS
- Provide IPC members with overview of training on planning processes. This training can include how to coordinate the planning process and the different kinds of data that can help inform to planning process (e.g., institutional – and program-level data provided by PRIE, interdepartmental data)
