

# **Leadership Retreat**

August 8, 2024

#### Land & Labor Acknowledgement

We acknowledge that Cañada College is situated on the traditional unceded land of the Ramaytush (Rah-my-toosh) Ohlone (Oh-LOW-nee) peoples, and we respect our past elders and honor the present community. Long before Cañada College existed, this area was home to the Ramaytush Ohlone peoples, who still have a presence in the Bay Area today.

We have a responsibility to acknowledge that we as a Cañada community have benefited from the use and occupation of this land and that the tragic legacy of colonization, genocide, capitalism, racism, and oppression still impacts people today.

We also recognize the labor upon which this educational institution, state, and country is built.

We acknowledge the peoples of African ancestry who were enslaved and forcibly brought to this land, and whose forced labor played a major role in the formation of this country. We are indebted to their uncompensated labor and their unwilling sacrifice overhundreds of years—which continues to impact generations today. We honor the legacy of the African diaspora and the continued contribution of their survivors.

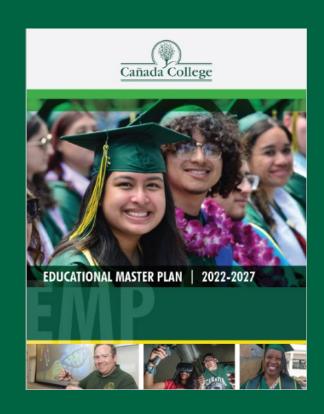

We acknowledge the contributions of all immigrant labor, forced labor, and undocumented people who contributed, and continue to contribute, to the building and feeding of this land. We acknowledge their immeasurable sacrifices and work that allow us to gather in this space today.

Let us not forget. Let us honor and engage with the people who have stewarded and labored on this land for generations, and let us honor these truths—by taking responsibility as a college community to continually educate ourselves about these realities, to affirm our commitment to justice through continual action, and to protect and sustain this land.

#### Purpose of the Leadership Retreat

- Bring together leaders from every college constituency group: students, classified staff, faculty, administrators
- Consider our 5-year Education Master Plan:
  - what we've accomplished
  - what we'd like to prioritize accomplishing in the coming academic year
- Begin organizing ourselves for action on our priorities in the coming year

# Goal 2: Equity-Minded and Antiracist College Culture EAPC's Top Hopes for 24-25 Goals

2.10	Transform college participatory governance processes	Reimagine and transform college participatory governance processes and structures to: (1) address equity and antiracism in all integrated planning and resource allocation decisions; (2) increase student voice in college processes, including program review; and (3) ensure classified staff have adequate time to contribute to the committees and councils on which they serve.	In Progres s	Michiko Kealoha and <del>Kiran Malavad</del> e and Dave Eck	Budgeting	Áse Power Consult findings Cañada College Participatory Governance Manual 2021-22
2.7	Provide comprehensive on-boarding for all new employees	Provide a comprehensive orientation and on-boarding for all newly hired faculty, staff and administrators each term that includes module(s) in antiracism shared language, resources for equitable pedagogy and practices, and how to connect with a mentor or personal support via the Cultural Center and/or Offices of Instruction, Student Services, and Administrative Services.	In Progres s	Kim Lopez/Anniqua Rana/Michiko Kealoha/Kiran Malavade	District Antiracism Committe e;	Current onboarding does not include antiracism module
2.14	Evaluate academic support programs and practices	Regularly evaluate all academic support programs and practices to ensure they are effective in closing equity gaps in access, student success and completion. These include but are not limited to: Interest Area Success Teams, the Learning Center, Tutoring (online and in person), the Writing Center, and Peer Mentoring, Library, Math, Word and all other JAMS.	Progres	Karen Engel / Ron	PBC	Programs evaluated either via the Program Review process or the PRIE Research & Evaluation Plan

#### **Goal 2: Group Work**

- Gather in Pairs/Threes
- Review what EAPC has said is their desired top 3:
  - What are our initial thoughts on EAPC's rankings?
  - b. What are our roles (individually and collectively) in achieving each of these?
- Look at the larger EMP matrix document
  - a. Are there any other goals that should be moved higher in this year and how can you ensure these goals are met/how you can lead that effort?

#### Notes (Note: Prof Dev was top talked about)

#### • \*\*\*\*2.7 - Training

- with the training and if we open it up and if people don't want to attend. Can we offer incentives like swag? or certificate?
  - Competitive different swag that motivates people to go
- Can 2.7 contribute to 2.8?\*\* What about process to "capture" people eventually?
- How can supervisor support professional development when it should be ongoing?
- Can we get "flex credit"equivalent for classified staff?
  - How can we also do this equitably for adjunct?
- Can it be frequent and regular?
- Can we get part-timers in this?
- For example, students assume faculty know about student services resources and so many adjunct may
  not know because they're teaching at so many different institutions
- How do we get creative with those to go to training who are not our usual people who get involved in equity?
- How do we do this training or event? Close for an hour? Intentionally?
  - Feel like this is for me....but I have a line, what do I do?!
- So interesting that at the welcoming orientation everyone attends they talk about efforts that are important to the district (and focuses on green sustainability) ON DAY ONE
- On boarding should talk about participatory governance
- Suggesting that this on-boarding should include students and you do have a voice and what are your rights (can we give a unit or make it a requirement)
- Are we allowed to mandate student training? what budget do we have to create a system with 1-2 "trainors" and no professional development budget?
- What's the vocabulary list? What are the words we are expecting them to know?

<sup>\*</sup>means how many groups agreed

#### **Notes 2.10**

- For our students: there's a lot of clarification that is needed and all three are necessary
- \*\*Student Senate is in agreeance with 2.10 on how we can collaborate to ensure student voices are a part of this
  - As a classified staff member, this should be in onboarding
  - People who have worked here three years haven't heard of this

#### **Notes 2.14**

Do our students see tutoring as easy to access? Or a budget
